Variable Naming

Allowed		Not Allowed / Not Recommended	
`let userName`	Best Practice: **camelCase**	`let user_name`	Allowed but bad practice!
`let ageGroup5`	Only letters and digits	`let 21Players`	Starting digits not allowed
`let $kindOfSpecial`	Starting with $ is allowed	`let user-b`	No special characters!
`let _internalValue`	Starting with _ is allowed	`let let`	Keywords not allowed
